We did address this. For the time being, the sitrep is being distributed to PSC, AC, (so we know it's complete) and Dean Higuchi, so he can point people to it as an information source. If we need to distribute it more widely, OSC.net can do a distribution list.

Sorry if we never got around to discussing this. I believe you can set up a distribution list in epaosc.org. If not, we'll have to create yet another one.

Will do. Have we figured who and when will distribute the sitrep (after I have completed it at epaosc.net)?

Will do, John.

Jeremy and Pete - can you add Dean Higuchi to the distribution lists for the SitRep and the Regional Update, and I'll plug him into the field update list?

Thanks,

Chris

Michelle and Chris,

One more thing . . . apparently Dean is not receiving sit reps directly, but getting them forwarded by press office. Can we add him to list receiving sit reps?

Thanks.

John

Hi Michelle,

Just wanted to let you know I've been contacted by John McCarroll on Press/Congressional support for our work in CNMI. I was monitoring the SitReps, but was pulled into the Gold King Mine efforts.

Please let me know what you folks may need in way of Press and Congressional, John was going to let Tana Alert know, and I've already messaged Tana that I would be engaging you on what you may need. I have a very good relationship with Becky Lizama of CNMI Rep. Sablan's staff, so please let me know if I should pass on any details of our ongoing work to her.

Also, would you like me to sit in on the daily meetings? If so, can you please provide me with the call in numbers?

Thanks!

Dean Higuchi
